

**MADE WITH SAFE INGREDIENTS**

**betterair**

**is proud to offer MADE SAFE™ certified products**

*Refer to most recent Statement of Certification for complete list.*

MADE SAFE is America's first and only human health focused certification program that applies to a broad set of consumer products.

MADE SAFE is the most rigorous standard on the market, screening for known toxic chemicals and then going above and beyond to examine ingredients for bioaccumulation, persistence, toxicity, and ecosystem harm..

**Thank you for working with MADE SAFE for a safe and sustainable future.**
